## How to Receive Results

Results typically take 3-4 days to come back. To receive your results, you can text MAKO to 66349 or go to <https://mako.luminatehealth.com/>. Please be very careful that the answers you gave on registering for testing are the same as registering for results, as that information is used to match patients with results. If you have not received your results after 4 days, please call the county health department
