A license may be revoked or suspended for failure to comply with these regulations or for other good cause shown. Revocation or suspension shall take place only after a hearing, which shall be conducted in accordance with EPCBoH Regulations, Chapter 4: Administrative Hearing Procedure

## Licensing of Systems Contractor [section 8.4.L]

1. No person shall install, or be hired to aid in the installation of, renovate or repair an onsite wastewater treatment system unless they hold a valid EPCPH Tier 1 or Tier 2 systems contractor license, with the exception of the property owner conducting his own installation. Employees of a valid licensed system contractor shall not be required to be licensed This license shall expire two (2) years from the date of issuance.
2. Licenses may be renewed upon payment of an annual renewal fee as established by the Board of Health and submission of 10 continuing education units every 24 months.
3. All licensed OWTS installers must adhere to section 8.4.L of the El Paso County Board of Health Chapter 8 Onsite Wastewater Treatment System Regulations

## Other OWTS Professionals

### Certified Inspector [section 8.4.N.4]

Inspectors who conduct Transfer of Title Inspections must be certified by National Association of Wastewater Technicians (NAWT) or an equivalent program approved by EPCPH. Inspectors for higher level treatment systems must have training relevant to the specific system or certification by the equipment manufacturer. Certified inspectors must adhere to section 8.4.N of the El Paso County Board of Health Chapter 8 Onsite Wastewater Treatment System Regulations

### Certified Operation and Maintenance Specialist [section 8.14.C]

1. Operation and Maintenance of Pressure Distribution, treatment level 2 (TL2) or treatment level 3 (TL3) components may only be conducted by Certified O & M Specialists.
2. Operation & Maintenance Specialists shall be certified by National Association of Wastewater Technicians or an equivalent program approved by EPCPH. O & M Specialists of higher level treatment systems must have training and certification by the proprietary product manufacturer. The manufacturer shall be responsible for providing EPCPH a list of certified O & M Specialists annually.
3. EPCPH shall provide and maintain a list of Certified Operation & Maintenance Specialists to the general public. A fee not to exceed actual costs may be charged by EPCPH for the initial license of a Licensed and Certified O & M Specialist. A fee not to exceed actual costs may be charged by EPCPH for a renewal of the license. Licenses shall be valid for a period of two years from the date of issuance.
