TIER 1 LICENSED SYSTEM CONTRACTORS

A Tier 1 Licensed Systems Contractor is only approved to install an On Site Wastewater Treatment System that is considered conventional, and has not been designed by a Professional Engineer. El Paso County Public Health may approve a Tier 1 Licensed Systems Contractor to install a Professional Engineer designed system where the soil treatment area proposed would allow for a conventional Site Wastewater Treatment System installation.

El Paso County Public Health does not recommend any particular septic system installer. The names listed are those of currently licensed on-site wastewater treatment contractors. For more information please call (719) 578-3199 option 3.
